Good morning Nick,

We received a second correspondence dated November 9, 2018 via mail regarding the same public records request (see attachment). Please note that we responded on November 6, 2018 via email and have yet to receive a reply. The email inquired about the information that is being requested. Specifically, we asked if the requested address points (house number and street name) were for all residential units within the City or just a specific development. Please respond, so we can finalize the public records request.

Best regards,
